# AERO®

Your home's  
integrated extension

 **RENSON®**

# Renson Aero®, an architectural powerhouse

**INTEGRATED HEATING**  
Efficient technology where you want it  
\* not possible on Aero Skye

**AERO INFINITY**  
Can be coupled up to 13 metres without coupling beam

**SELECT FROM THREE ROOF TYPES**  
Choose a retractable (Aero) or stationary rotating bladed roof (Aero Skye), or a fixed canvas roof (Aero Canvas)

**SMOOTH WATER DRAINAGE**  
Splash-free and no risk of blockage

**DIVERSE LIGHTING OPTIONS**  
Functional and/or ambient lighting... the possibilities abound!

## CONTROL SUN AND SHADE

Rotate the blades open or shut, or while away the time under an open sky when you choose the retractable roof. It's easy to control the air and light let in below your Renson patio cover.

## IN THE RIGHT LIGHT

Sunset isn't the end to those magical evenings. A clever mix of soft ambient and functional lighting makes for long, joyful hours of outside time.

## SHELTER FROM THE ELEMENTS

Stay safe from nature's elements and enjoy cosy outdoor living all year round. Your bladed roof closes automatically when it rains, and the integrated heating keeps you nice and toasty. What's more, Renson's hybrid extension of your home comes with a fixed, rotating, or fully retractable roof!
